

## AdPlayer

SP-AD70TB 7.0" LCD  
digital video player

### FEATURES

- 7.0" diagonal TFT LCD display
- Compact Flash card carrier
- Infra-Red remote control
- Movement detector
- Built-in Stereo speakers

### General Specifications:

The **AdPlayer** is a portable counter top or shelf edge solid state video player with a high quality 7.0" diagonal colour LCD screen designed specifically to meet the needs of the out-of-home and retail promotion market.

It can play MPEG1, MPEG2, MP3 and JPEG files from a Compact Flash card. MPEG1 or MPEG2 video files are played in a continuous loop, JPEG files are played in a slide show format..The video loop or slide show starts automatically after power up.

The **AdPlayer** has built-in stereo speakers and a movement sensor for turning the content on or off when a customer moves into or out of the sensing field and comes with an Infra-Red remote controller.

Content can be changed as required by reprogramming the Compact Flash card with the new content.

Dimensions: 200mm (W) x 124mm (H) x124mm (D)
