Designed specifically to meet the needs of the out-of-home and retail promotion market, AVisum VideoFlyers integrate high quality LCD displays with digital media players. The VF-070M-OF Open frame VideoFlyer features a 7.0" widescreen LCD display with a number of options, making it ideal for retail shelf edge and other Point of Purchase (POP) promotions.

Features:

Storage Medium:

Compact Flash memory card 512MB ~ 2GB

Audio Output:

Stereo RCA connectors

Playback Modes:

Loop mode:

Videos can be set to play in a continuous loop either individually or in sequence.

Auto Mode:

Videos can be set to sleep mode or auto playback at power up.

Program mode:

All tracks and scheduled functions can be programmed by DV Studio Advanced software, which writes the MPEG video files to the CompactFlash card.

Standard Playback:

Standard player modes - play, stop, pause, repeat, previous track, next track, volume control, mute. Specific track or playlist select.

Touch Screen:

Optional touch screen (8 buttons) support with playlist programmable interactivity.

Barcode Reader Support:

An optional RS-232 (DB-9) is provided for interfacing with a barcode reader. The application is the use of barcode to select video tracks.

Motion Sensor:

Optional motion detector controls the audio/video track, to ensure that the sound/movie only plays when a customer is in range.

Dimensions:

165mm x 103mm x 50mm (WxHxD)
