

DMP-2

Digital Media Player for
Digital Signage

FEATURES

- MPEG-1, MPEG-2, MPEG-4 video playback
- MP3 Audio
- High resolution MPEG & JPEG
- Stills
- S-Video, Composite or VGA signal output
- Stereo Audio out
- Power-On Play

The DMP-2 is a digital video and audio player designed for the playback of MPEG-1,2 & 4 and still picture on TV and Video monitors in commercial environments. The videos are stored and played back directly from solid state Compact Flash memory card. Ideal for Out-of-Home & In-Store digital signage applications.

Features:

Display Output:

The Video can be played on TV, LCD and Plasma monitors supporting composite, S-Video and VGA (640x480)

Storage Medium:

Supports 8 types of memory cards: CFI/II, Micro drive, SM, MMC, SD, Mini SD, MS, MS-Duo, MS-Pro

Audio Output:

Stereo audio (L/R)

Playback Modes:

Loop mode:

An individual file or groups of files can be set to loop continuously

Auto/Manual:

Playback commences on power-up or optionally with DVD type user commands via a button interface.

Playlist/Default:

Video tracks play according to a playlist in file order

File Formats:

Supports MP3, JPEG, M-JPEG, MPEG-1, MPEG-2, MPEG-4

Functions:

The DMP-2 plays Photo, Music and Video files and has a file viewer function.

File Management:

Simple to copy, delete or rename the files between different memory cards.
