- **PS/2 or USB compatible**

Dim: 475 x 215 x 57mm

Dim: 432 x 152 x 43mm

General Description

The KSTL105 keyboard uses short travel switches with low pressure and positive tactile feedback for convenient, fast, data entry. The keyboard features an integrated 50mm trackball. The IP67 rating level of the panel mount version is obtained thanks to the inherent sealing capabilities of its polyester front and the trackballs "Optical Navigation Technology" with solid state sensing. The fields of industrial applications are very wide; indoor and outdoor where a higher input speed is required while maintaining outstanding sealing characteristics.

Ordering Information

KSTL105F1yyy	Panel mount version
KSTL105S1yyy	Enclosed version

yyy = protocol output: PS2 or USB

Optional

CFR-01	Covering frame in blank aluminium
CFR-02	Covering frame in black Aluminium (for top panel mount)
